Re.: Clay Modelling Competition for the Students of UKG

Dear Parents,

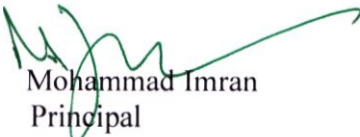

Clay Modelling develops coordination and motor skills along with extending attention span. To encourage this, we have organized a Clay Modelling Competition for the students of UKG which will be held on **Thursday 31 August 2023**.

For the competition, students will be given an 8” (inch) diameter plastic plate to display their work of art. They may model any object of their choice, which could be flat or three-dimensional. The duration of the competition will be **1 hour**.

Creativity, usage of colour , presentation and finishing will be the basic criteria for judging the entries.

Parents shall send clay from home, in it's original form (or preferably new), for the child to use in the competition. This is to ensure that the child is comfortable working with the same quality and colours that he / she has practiced on.

Best regards,

Mohammad Imran
Principal
