Sorting Beads Competition for Students of Nursery

‘Tell me and I forget. Teach me and I remember. Involve me and I learn!’

Dear Parents,

This is to inform that, we have organized a **Sorting Beads Competition** for the students of **Nursery** on **Monday, 30 September 2024**.

The students will be provided with a bowl of three primary colours of beads i.e. Red, Blue and Yellow that are mixed together. The student will then be asked to sort the three different colours of beads in three separate bowls. The time allotted to sort the beads will be **1 minute**.

This Competition is to test the accuracy of eye and hand coordination of our students.

The criteria for assessing the entries are:

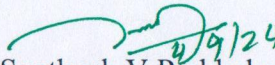

- Sorting the same colours together in three different bowls
- How fast the student is able to sort the beads

The Class Teacher has already been providing practice to the students for the same. I request the parents to provide ample amount of practice in the same way at home as well.

Looking forward to seeing the fine motor skills of our students.

Thank You.

Regards,

27/9/24
