Colouring Competition for the Students of Nursery

Dear Parents,

Our students are now in the II Term of this Academic year, and they are picking up the art activities, especially the colouring activities done to reinforce the different concepts, very well. These activities are carried out to develop their fine motor skills.

We feel that this is the ideal time to check the progress they are making. Towards this end, we have organized a **Colouring Competition** for the students of Nursery on **Tuesday, 26 November 2024**.

The *duration* of the competition will be **1 (one) hour** and it will be conducted during the school hours.

The students of Nursery are still very small. They are just being introduced to the concept of competition, and are beginning to understand the importance of finishing an assigned work in the given time. The practice sessions in the school and a little effort from the parents will help the child towards the same.

We will be sending 2 worksheets (the first is sent herewith) for the child to practice at home, so that he/she may gain confidence and get an idea what is expected of him/her. For the final competition, the students will be given any one of the two practice sheets.

The criteria for assessing the entries are as follows:

1. Sense / use of Colour (Colour Combination)
2. Strokes
3. Neatness (colouring within the lines)
4. Overall Presentation.

Please emphasize on the above-mentioned points, when you make your child practice at home.

We are sending this notice in advance so that you may train your child accordingly.

Wishing you many colourful weekends ahead.

Public Speaking Competition for Grade IV to VII

27 October 2024

REF: IIPS/PRL/24-25/90

“They may forget what you said, but they will never forget how you made them feel”.

–Carl W. Buechner.

Dear Parents,

All round development of students is not only limited to academic endeavors, but also to the enhancement of communication skills. Effective and impressive expression in Public Speaking is inevitable in today's scenario. Unfortunately, most of the students feel nervous and panic at the crucial moments and do not tend to participate and polish their public speaking skills. It is apparently one of the most challenging experiences. The best way to deal with these fears is to start training them at an early stage. With this vision to enhance, pioneer and inculcate the public speaking skills in our students, we are organizing '*Public Speaking Competition*'.

Kindly note that it is an oral competition. The students need to prepare their own speech on the topic given below and present it within the stipulated time. The time allotted for each speaker is 3 minutes with a grace period of 10 seconds.

S.No	Grade	Date	Day	Topic
1	IV	17 November 2024	Sunday	The Early bird catches the worm
2	V	18 November 2024	Monday	Action speaks louder than words
3	VI	05 November 2024	Tuesday	Run in the direction of your fear
4	VII	06 November 2024	Wednesday	Team sports build strong individual

The students will be judged based on the following criteria:

1. Presentation and Confidence
2. Content
3. Use of language (Vocabulary)
4. Voice modulation
5. Body Language and Eye Contact

Looking forward to your support and cooperation.

Introduction of "Hydration Whistle"

Dear Parents,

As we face the peak of summer, it is essential to prioritize our health and well-being by staying hydrated throughout the day. In light of this, we are pleased to introduce the "Hydration Whistle" Initiative, aimed at ensuring students remains hydrated and energized during school hours.

A whistle will sound across the school premises. Two Whistles Each Day:

SCC & Kindergarten - 8:00 am and 10:00 am

Grades I- XII - 8:00 am and 11:00 am

Mandatory Hydration: When the whistle blows, all students are required to pause their work, take out their water bottles, and drink water.

Carry Your Water Bottle: It is mandatory for everyone to bring a personal water bottle each day. Keeping water at hand is vital to make sure you are ready to hydrate whenever needed.

Importance of Staying Hydrated:

- **Boosts Energy:** Water helps you stay alert and focused, allowing you to perform better in both physical and mental activities.
- **Improves Concentration:** Hydration enhances your brain function, helping you stay attentive during lessons and tasks.
- **Prevents Fatigue:** Dehydration can make you feel tired and sluggish. Regular water intake will keep you feeling refreshed throughout the day.
- **Supports Overall Health:** Drinking enough water helps regulate body temperature, prevents headaches, and supports the immune system, which is crucial during the hot summer months.

Let's work together to make hydration a regular part of our daily routine! Remember, staying hydrated means staying healthy and ready to learn.

We appreciate your cooperation in this initiative and encourage everyone to take this simple but powerful step toward better health!

Stay Hydrated, Stay Healthy!
